### Project Overview

Oxford University Hospitals NHS Foundation Trust (OUH) is a world renowned centre of clinical excellence and is also one of the largest NHS teaching trusts within the UK.

The Trust consists of four hospitals:- John Radcliffe Hospital, Churchill Hospital, Nuffield Orthopedic Centre, and the Horton General Hospital.

As well as the routine Planned & Preventative Maintenance, Trinity also work closely with the Trust to carry out system improvement works, including a schedule of phased upgrades developed to meet the individual sites Fire Strategy and Risk Assessments.
