

Case Study

Sector:	Public Sector
Client:	Ministry of Justice G4S Integral
Location:	York
Duration:	2 Months
Services:	Fire Alarm Systems (Wireless)

Overview

York & Selby Magistrates Court is one of circa 330 Magistrates Courts located throughout England and Wales.

Trinity were employed to replace the existing fire alarm system within the 'live' working environment of a Magistrates Court without causing any disruption to the day to day operation.

Under the guidance of Trinity's Project Manager, ably supported by a number of Trinity's technical installation and commissioning engineers, the project was successfully completed within just 8 weeks!
