

This is to certify that  
**Trinity Fire and Security Limited**

Little Bridge Business Park, Oil Mill Lane, Clyst St Mary, Exeter, EX5 1AU, England

Has been assessed  
by Hilmi Tin for IT Governance Ltd  
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: The Infrastructure for Trinity Fire & Security including Firewalls, Routers, Cloud Services and end user devices located in all operational regions.

Certification date: February 28th, 2018

Recommended re-assessment date: **February 27th, 2019**

Certificate no.: 3947794105226853

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
