

Introducing Emergency Voice Communication

An introductory presentation regarding an Emergency Voice Communication (EVC) system.

An EVC system includes disabled refuge, fire telephones and steward telephones. Many systems also include disabled toilet alarm components.

This is a short course (CPD section one hour) introducing the concept and the basic need for this type of system.

What it covers (CPD slides):

- An explanation of an EVC system and components.
- Why it is needed.
- Equality Act 2010/Discrimination Act (DDA)
- The British Standard - BS59999.
- Refuge area definition.
- The British Standard - BS5839-9.
- Types of remote (outstation).
- The British Standard - BS8300.
