

AN OVERVIEW OF BS7273 PART 4 ACTUATION OF RELEASE MECHANISMS FOR DOORS

Duration

1 hour

Who should attend

Designers, Installers & Service providers

External Approval

CPD Service

This presentation details the recommendations in BS7273-4:2015, in respect to the monitoring and actuation of door release mechanisms controlled by a Fire alarm system. Guidance will be provided for Designers, Installers, Service providers and Manufacturers who need to ensure their products can provide the functionality recommended.

Finding time to keep up to date with the latest changes and developments in the fire safety industry can be challenging. In today's business environment it has become more important than ever to stay at the cutting edge.

Notifier by Honeywell has developed a series of Continuing Professional Development accredited seminars addressing some of today's key topics in fire safety. These complimentary seminars can be arranged at a time and place to suit you.

Notifier by Honeywell is the world's largest manufacturer and supplier of engineered fire alarm systems. With over 400 Engineered Systems Distributors worldwide, and regional support on every continent, we have the flexibility to meet our customers' most demanding requirements.
