This presentation looks at the Case study of a fatal fire incident that took place at the RosePark care home in Lanarkshire on 31st January 2004. It provides an overview of the findings of a fatal accident enquiry and is designed to highlight some of the potential risks presented by buildings of this type and what can be done to mitigate those risks in order to help prevent future incidents of this type.

Finding time to keep up to date with the latest changes and developments in the fire safety industry can be challenging. In today's business environment it has become more important than ever to stay at the cutting edge.

Notifier by Honeywell has developed a series of Continuing Professional Development accredited seminars addressing some of today's key topics in fire safety. These complimentary seminars can be arranged at a time and place to suit you.

Notifier by Honeywell is the world's largest manufacturer and supplier of engineered fire alarm systems. With over 400 Engineered Systems Distributors worldwide, and regional support on every continent, we have the flexibility to meet our customers' most demanding requirements.
